Rotaract is a global family, with members from different countries belonging to different cultures and races. By joining hands as one global force, we can surely make this discussion a success by looking at them in different perspectives with new ideas and opinions. Hence the discussion will be a small but effective attempt to overcome these major issues with a global understanding. We as a community, having members from different societies, adamantly believe that the combination of harmony and unity is the strongest foundation to eliminate any problem.
